

## HORSES AND HORSEMEN.

## THE TROTTERS IN TRAINING AT THE GLENLEA FARM TRACK.

Hulman and Latrobe, a son of Trevillian. Among them—Notes from Roanoke. Winnie D's Foal—Other Items.

Out at Glenlea Farm, which is but a short distance from the city limits, William L. Bass is working about a dozen of the trotters for speed, and in the lot there is some quite promising material. Bass will start at Norfolk next week, after which he will journey on to Baltimore, and probably take part in the Gentlemen's Driving Park and Pimlico meetings, where he has entries. At Norfolk, Guy Fly and Marian Craig will be started in 2:30 and 2:35 classes, trotting, and, as both horses are doing well, Bass looks for them to make a pretty fair showing. The fastest member of the stable is the five-year-old brown gelding, Hulman, a son of the Quartermaster and Winnie D, sister to Whitney, 2:31-4, by Hannis, that did a trial of 2:23 as a two-year-old, and when 1 year old, a half mile for Richard Carter at Lexington, Ky., in 2:07-1/2. He was so promising that Curtis looked for him to show a mile close to in 2:12 that season, but he trained out, and was let up in 2:15. Hulman was simply jogged during 1896, but has rounded to in the shape this spring, and trotted a mile for Bass over the half-mile track at Glenlea recently in 2:21-4, doing the final quarter in 28 seconds, and finishing the last eighth in 1/16 seconds.

Other members of the stable are: Lulu L., bay mare, by Elysian Abdullah, dam by King Bolt; Marian Craig, 2:31-2, bay horse, by Nuthurst, 2:12, dam Mistake, 2:31-2, by Marshall Kiehl; Prince Wilkes, bay gelding, by Prince Charles, dam by Mammoth Star, Guy Fly, chestnut horse, 4, by Lord Guy, dam Virginia Maid, by Sam. Dundee, 2:31-2; Sweet Marie, chestnut mare, full sister to Creel, 2:29-4, by C. F. Clay, 2:18; Thiol, bay filly, 3, by Egwood, dam by Woodburn Hambletonian.

Gay gelding, 3, by General Dashedwood, 2:29-4, dam untraced; Trim, chestnut gelding, 4, by Hustler Russell, dam by Bowman's Clark Chief, second dam, Miss Bowman, dam of Pickard, 2:31-4.

Bessie L., bay filly, 3, by Instructor J., dam Avis, by Wedgewood; Latrobe, bay colt, 3, by Trevillian, 2:31-2, dam by Strathmore; Black filly, 3, pacer, by Woolf.

An exchange says: Down in Kentucky, a freak and freaker was reported. One party near Bloomington reports to his paper that a mare of Tom Adams has a colt whose body is half bay and half gray.

It is a foot high, black hind feet, 3, L. King's fine brood mare, at Bennettsville, foaled a filly that hadn't the appearance of a tall. W. W. Brookshire's mare, in Madison county, foaled a colt with but two legs; the front ones were absent. It could walk, but it looked about and noticed the bipeds it looked would have to associate with, and concluded it would rather die. Then, at Breckinridge, there is an unusually prolific trotter who is the father of thirty-nine children.

And the Thomas Cannon who came from Knoxville, Tenn., and located at the Driving Park at Roanoke, Va., in January last, is working a string of seventeen trotters and pacers, a portion of which he will campaign this season, and will start at Norfolk next week, where he has M. Ada, Tyronne and Kanawha Bay entered.

The best-known member of Cannon's stable is the gray mare M. Ada, 2:31-4, a stable by Jimmie, dam by Willie, that he brought out from last season and won five races out of ten starts, taking second money in the remainder. The four-year-old bay gelding Tyronne, by Wilkes Boy, dam by Danbush, is grandly bred, and is a fine finish and bred as quite a prospect for a trotter.

Among others in Cannon's hands are Laura D., pacer, bay mare, by General Hancock, dam by Blue Bull; Kanawha Bay, 2:31-2 brown horse by Jucker; Giles, bay gelding, by Gambolito.

Helga, black filly, 3, by Wilkes Boy, dam by Blackwood, Jr.; Helga has shown wonderful improvement. When she was two months since she could not show a three-minute gait, but ten days ago she trotted a mile in 2:24 1/4. Cannon is working five head for Mr. Samuel Walton, of Falls Mills, Va., all of whom are good prospects. They are Little Dawson, gray gelding, 3, by Daveson, dam by Manning, 2:31-4; Young Jim; Maggie Carroll, full sister to Little Dawson; Ella Lee III, by Red Leo, dam by Lucy S. and Shorty, bay gelding, 4, by Red Leo, dam by Strathmore.

The chestnut mare Lady Dudley, by Norfolk, dam by Manning, 2:31-4; that Cannon thought well of, proved in fact, and was let up in her work. She was bred last season to Robert Ranson, 2:28-3-4.

The Dyer Brothers, who leased the Driving Park at Roanoke, are working quite a number of young horses for speed. They purchased nineteen head at the Dyer's sale at Lexington, Ky., last February, and in the lot secured some good prospects, among them the fast young mare Mary D., trial 2:25, by Cheyenne. She was purchased of Richard Curtis.

Another of the lot, which the Messrs. Dyer sold to L. L. Harrison, the filly, Helga, now in Tom Cannon's stable. The Dyer brought on a chestnut filly, 2, by Simmons, dam by Bayard; King Maxim, bay colt, 2, by King Nutwood, dam by Maxim; bay colt, 2, by King Clay, dam by Red Wilkes; Valid, bay gelding, 3, by Vasco, dam by Strathmore. The last two are owned by Chief-of-Police H. N. Dyer, and along with Labretta, by General Hancock, dam Frosty Maid (dam of the pacer Halo, 2:35 1/4, and Halo II, 2:23 1/4, by Joe Downing, are being worked by Charles Gillis.

The horse that is decidedly brighter at Roanoke than for some time past, more trotters and pacers are in training there, and good roadsters are in demand. Weekly matinees will be held at the Driving Park during the season, and during the time the races are in progress, races and matches will be decided, which will draw out a good attendance.

Mr. George Green, the courteous and efficient secretary of the East Carolina Fish, Oyster, Game and Industrial Association, at Newburgh, N. C., was present at a recent meeting of the Board of Directors, all of the old officers were re-elected, which includes Mr. William Dunn, president, and P. H. Pelletier, treasurer. Messrs. W. P. Bulmer, O. C. Gulon, and J. E. Foy were re-elected to the Executive Board by William Dunn, J. R. Clark, and B. S. Gulon. Secretary Green thinks it very likely that the association will hold a race meeting this fall, and is already at work preparing a schedule for the annual fair and race meeting, which comes in February each year.

Dr. M. S. Sale, of Lexington, Ky., owner of the noted Temple Bar, 2:13-3, and Mr. John W. Sale, trainer and driver of the well-known gray gelding, Iron Bar, 2:22-4, now located at Cleveland, O., who were summoned here in consequence of the serious illness and death of their father, Mr. Wade H. Sale, which took place on the night of Monday, the 10th instant, have returned home. The elder Mr. Sale was a quiet, unassuming gentleman, though public-spirited and energetic. He had been a resident of Richmond for the last twenty-five years. His death took place at Newburgh, N. C., where he was called by the illness of his daughter, Mrs. John L. Lindsay, on north Seventh street, who owns Iron Bar.

The black mare Winnie D., full sister to Whitney, 2:31-4, by Hannis, owned by Mr. L. Banks, of Alexandria, Va., was called on by the 9th instant. The chestnut colt by Gekorian, 2:29-3-4, Winnie D. is the dam of the fast geldings, Hulman and Ginter, both by Quartermaster; the good three-year-old colt,
